Fall Trip to Washington's Home

ur school went to Virginia to tour George Washington's home, Mt. Vernon. We learned many things about the history in that area. We also learned important facts about slave history.

The picture at the top right shows some of our group on the *Piazza* (front porch).

From there we had a beautiful view of the Potomac River . . . a view that has not changed much since George Washington's day!

T H E A T R E

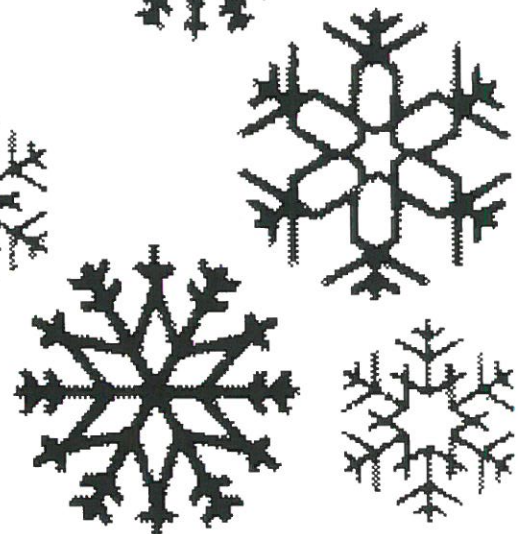

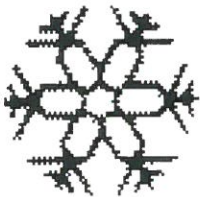

Theatre West Virginia came to our school in October to perform two plays. "The Last Hanging in Pike County" was the story of the fued between the Hatfield and McCoy families. "Beauty and the Beast," the famous children's story, was portrayed with humor. Both plays were wonderful and creative. All students on our campus were invited to attend. The plays were shadow interpreted by staff members.
